### About This Game

One or two players. Use a mouse or trackpad, keyboard (including Touch Bar), or 1-2 MFi game controllers.

“Celtreos” is like the space shooters of decades past: tiny ship, big weapons, waves of foes, power-ups and obstacles.

### Music, Sound and Voice

- Over 15 different songs (more than 30 minutes of music!)
- You can even **play your own music** and auto-next-song for key game events

### Stages

- 9 stages: a city, space station, ocean and more
- Horizontal scrolling but more than one “screen” of vertical space
- Start from any stage you want!
- Each stage ends with a challenging boss
