Please note:If you are getting the error 'Error:failed to read RamFS ', it means there is something wrong in the file you downloaded. We recommend you try again. If this still occurs, please contact us. ■Precaution: 1. Do not open the installer file if it is a EXE or MSI file. It may cause unexpected problems. If the installer is opened by default, please select 'Open', and then click 'Open CMD' to open a command window. 2. Make sure your phone's main memory is at least 512MB. 3. You may have an SD card in your phone. Make sure the main memory and SD card are the same. 4. You may have an empty main memory. You may only need about 512MB. 5. Your PC may have USB drivers. You may need to install the USB driver. ■How to Install: 1. Put the USB flash drive to your phone. 2. Connect your phone to the PC with the USB cable. Please note:Please make sure that the phone is connected to the PC with the USB cable. 3. If the Installer starts automatically, please wait until it is completely finished. After it finishes, a dialog box will appear, and the phone will restart automatically. Then, the program will be available in the Start Menu or on your home screen. Please note:Before you start the installer, please make sure that you have selected your phone in 'Devices', and have selected the 'Install' option in the 'Development' section. If you have not selected your phone, it may cause unexpected problems. 4. You may receive error messages if the main memory is less than 512MB. We recommend that you have at least 512MB for this trial version. Q:The error message appears. 'Please install the Android app'.How to install? A: Please turn off the phone, then, turn it on, and enable 'USB debugging' in 'Settings'-'Developer options'.Connect the phone to your PC with the USB cable.Please note:If you are getting the error 'Error:failed to read RamFS ■Precaution: 82157476af
